

See
the World.

Teach
the World.

Change
the World.

Want to use your degree to travel to far parts of the world, experience first-hand what God is doing in the hearts of the unreached, and directly impact His Kingdom?

Team Expansion desperately needs teachers to serve with our missionary families.

You can serve as a tutor for one family, a co-op teacher for a whole area, or as a teacher in an international school. In every situation, you would play a crucial role in seeing the Gospel spread throughout the world, all while experiencing a colorful new culture and shaping young lives forever.

- **TERM:** Commitments can be made one school year at a time. Serve for one year – or the rest of your life!
- **QUALIFICATIONS:** The specific requirements vary by situation, but most require a minimum of a bachelor's degree (in any subject). Some fields request additional qualifications, such as a specialized major or teaching certification. We can work with you to determine the best field for you.
- **TRAINING:** Before you go, Team Expansion will train you in cultural, financial, and spiritual development. You will also receive individualized mentoring and on-the-field coaching.
