oral communication, world religions, community development, tent-making (BAM), support raising, and more.

While we are learning about the Bible and the best mission theories and principles from veteran missionaries, church planters and discipleship practitioners, participants will be going out and sharing the love of Christ daily.

WHY IS D-COURSE VALUABLE?

D-Course is good stewardship of people and resources, as it trains you to be fruitful and faithful in ministry *here* before your churches and agencies send you to do it over *there* (even if *there* is just around the corner).

D-Course integrates the head (formal, classroom, theory), the heart (informal, community, spiritual), and the hands (non-formal, on-the-job, practical) in the training. We strive together so that each trainee can master the knowledge, skills, attitudes and character sets essential for making and multiplying disciples and churches among the unreached.

It's Team Expansion's deep desire that each trainee, upon successful completion of the course, can thrive in cross-cultural service anywhere as a faithful and fruitful disciple maker.
