

MEDICAL ASSOCIATE WITH TEACH TO TRANSFORM

PURPOSE/GOAL OF JOB

The Medical Associate plays a vital role in supporting and facilitating medical training initiatives across Teach to Transform's global partnerships. This is a meaningful opportunity for someone with a heart for missions and a desire to equip others with life-saving skills while sharing the love of Christ in underserved and unreached areas.

RESPONSIBILITIES OF POSITION

Training & Facilitation

- Assist in the planning and delivery of medical training programs for international partners
- Serve as a medical trainer, assistant, or table leader during overseas trips (typically 1–4 times per year)
- Support the development of culturally appropriate training materials and curriculums

Partner Engagement

- Collaborate with national ministry leaders to understand local health challenges and adapt training accordingly
- Provide guidance and encouragement to trainees and local facilitators

Program Development

- Contribute to the evaluation and improvement of medical training modules
- Help monitor and report on program impact, including participant outcomes and spiritual growth

Logistics & Team Coordination

- Assist with travel planning, supply inventory, and packing for overseas training trips
- Support training team volunteers and ensure smooth on-site execution

QUALIFICATIONS

- Medical background preferred
- Experience in medical education, missions, or community health preferred
- Strong communication and cross-cultural skills
- Spiritually mature with a heart for evangelism and discipleship
- Willingness to travel internationally to hard places (up to 4 trips per year)
- Adaptable, flexible, and able to thrive in resource-limited settings
