

The Case for GC⁵

- *Great Commission*
- *Great Commandment*
- *Generating Capacity*
- *Generous Collaboration*
- *Global Change*

2000 Years

Too Long to Wait

As Jesus left this earth in bodily form, He instructed us to “make disciples of all nations.” Despite significant progress, the work remains unfinished with billions still unreached and millions of places lacking a Christian presence.

Who We Are

We’re seeking to build a passionate collective of Kingdom-minded investors, ministries, and front-line workers united by a common goal: to see a church in every village, everywhere.

Our Goal

We are forging Kingdom partnerships between like-minded disciple-making, church-multiplying ministries, workers, and bold funding partners set on bridging the gaps. By working together in faith, humility, and generosity, every people and place can be reached with the gospel.

Why This Is Strategic

Driven by a deep sense of urgency, we are leveraging ministry collaboration, strategic funding, and innovative technology to advance the Great Commission.

Here, Near, and Far Away

Our unwavering aim is to mobilize global change by generating the capacity to undergird the Great Commandment in tandem with the Great Commission.

A Strong Home Base

Join us as we leverage ministry collaboration with strategic funding coupled with innovative technology and strategies. We are seeking to build national coalitions aimed at reducing duplication. We will make sure “all boats rise together.” Help us accelerate Kingdom impact for the glory of God and His Church.

*When we have completed the work, we will have ensured that every person, in every place, has access to the life-transforming gospel message, regardless of language or location. **Hope will come to the hopeless.***

Generating Capacity

GC5 Thinking

Today, through God's power, Team Expansion's 300+ full-time workers are currently training and nurturing ~85,000 passionate believers who gather each week in ~8,000 groups (simple churches).

Would you pray that God would work through a global collaboration by January 1, 2030, to empower:

- Building/strengthening national coalitions in 40 lands
- Training and nurturing **8 million believers**
- Worshipping in 1 million groups/churches

To bring about this kind of growth, we have to change our entire way of thinking. Pray for the ability to generate more capacity as we grow. Ask God for help building strong collaboration -- GC5 thinking.

On the "Near" side, it begins with building a strong collaboration center and training base from which to grow exponentially, together with national recruiting, networking, and training initiatives.

Cost: \$4 million

On the "Far" side, ask God to help us focus on training and equipping with simple, reproducible, and sustainable global growth -- including national coalitions globally.

Cost: \$4 million

Join Us in GC5 Global Change: It's About Time

How Can You Help?

- **Pray** -- Ask God to enable ministry collaboration, strategic funding, and innovative technology and strategies. Pray for **8 million passionate believers by January 2030**.
- **Give** -- We are praying that God would raise up 4 Key Partners to pledge \$1 million each (\$200,000 per year over the next five years). We would then seek matching gifts for the other \$4 million, resulting in **\$8 million dollars by January 2030**.
- **Go** -- Could God use you as a go-er, trainer, coach, encourager, or manager to help shape our thinking in the GC5 paradigm? Can you imagine yourself serving in Dubai or Kuala Lumpur? Pray for a new wave -- an entire generation of new witnesses to go around the block and around the world.
- **Send** -- Begin thinking about a sending mindset in your own church and/or family. For ideas, please contact us.

Thank you for your partnership. Checks can be mailed to:
